

Skunk Encounter

In the 36+ years living in Napa, we have seen deer, quail, squirrels, raccoons & possums on our property. Never a skunk. Until a few days ago! It was Brooklyn who encountered the skunk. Yes! She was sprayed!

It's Official

Yes, this is Brooklyn with her official certificate from the American Kennel Club stating she really IS a champion. She will be attending her first enrolled Best of Breed class February 17th & compete directly with other champions!

SNOW Time in Oregon

Right after Christmas, Tim, Kathy, Rylan, Aubrey and Sierra enjoyed several days skiing and snowboarding at Mt. Bachelor. The snow, and the weather too, was perfect!

Drawing Line-Up

After my drawing blitz for my art exhibit, I am still drawing! I have completed 15 drawings since the end of November! All of the income from my drawing goes toward my dog classes and dog shows. The more drawing I do, the more classes I can take. I am now looking at starting Brooklyn in agility and Dakota is into her third session of scent work classes.
