

## Sierra is Now Ten!

Sierra celebrated by having a special day with Rylan and Aubrey being indoor skydivers. They are all pictured here wearing their flight suits. Later Sierra invited friends to all experience a mystery room with an alien theme. She decided this theme called for a meteoroid cake, which she made and decorated.

## Welcome to Miles

Chris brought a new dog home last Saturday. We found this 70 pound German Short Haired Pointer through Facebook posted by the breeder Paris came from! Morgan and Brooklyn have already met him and have given him a thumbs up. Miles is a very well behaved, friendly and sweet boy.

## Birthday Joy

Chris and Kathy made my birthday extra special. Flowers from Chris and a warm hat and matching neck warmer from Kathy!

## Growing So Fast

Morgan is now 15 weeks old. She is enjoying play dates with other dogs her size, will be going to a puppy class next week, and is learning to hunt. This past Sunday, she graduated from chasing birds on a fishing pole to finding a planted bird in the field. She did great and held her point after she found it!
