

## What! An Appendectomy?

The unexpected can happen to anyone, anytime, anywhere...just like that! This picture of Robert is of him being released from the hospital on February 24th after having had emergency surgery the night before. Thank goodness he was treated right away and has recovered just fine although not as fast as he would have liked since he was not able to tend to his gardening and yard work while recuperating. He is now playing catchup!

Let's do something Mom!

## It's Official

Robert and I are now shot up. Just two more weeks and we will be allowed to hug any of you who are in the same place. Or is this just a rumor? At any rate, we certainly do feel better about our new status!

## Scent Work

Not going to conformation dog shows because so many are too far away now, not taking agility classes because I don't want to run courses wearing a mask, hunt training slowing down this time of year, and unable to do freestyle (dog dancing) because of lack of classes available for Morgan and Brooklyn being too much of a barker when she performs (she just gets so excited), I now have BOTH Brooklyn and Morgan enrolled in scent work classes. Gotta keep these high energy hunting dogs happy and busy after all!

## Milestone Family Reunion

Forty years ago, in 1981, Frank and Dawn Mesa along with Frank's Mom (my Aunt Irene) bought a house in Woodinville and held the first ever family reunion which went on to become the Gray PEAR Affair. PEAR stands for Puckett and Ellingson Annual Reunion aka Puckett & Ellingson and Relations). At first this was for my Dad's side of the family. When lots of fam-

ily members from my Mom's side of the family started attending, the "Gray" was added to the name. This year Frank and Dawn are hosting the reunion to celebrate that very first reunion. AND to celebrate their marriage of 40 years. Since the ruby is the gemstone for 40 years, what could be more perfect than pear cut rubies for this year's 2021 reunion theme—yet another great theme my Mom came up with!
