## Granddaughter Stars: Aubrey & Sierra

Both girls have had some very special moments in the last month! On May 14, Aubrey turned nine-years-old! Above, she is posing next to the birthday cake she made! On May 5th, she performed in "Hair-spray," a production put on by Sonoma's Broadway Bound Kids.

Sierra's really enjoys ballet and has been faithfully attending classes here in Napa for over two years. Last Saturday night, she performed in her first professional dance recital. Watching her perform on stage was awesome!

## Peep Peep

Here is our newest flock of chicks, half of them for Kathy and Tim. We went for quite a variety this time: four each of Barred Plymouth Rocks, Araucanas, Buff Orpingtons, and Giant Cochins. Eggs expected in August-September!

## A Marvelous Mural Project

I am currently painting cat art on a wall at a local cat rescue sanctuary: Ella's Cighthouse & Catnip Bar, a voluntary organization wherein cats live in a cage free environment located in downtown Napa. This means lots of space, which includes a huge white wall in need of something fun on it. When the call went out for artists, I volunteered.

The bicycling cat art shown above is more than six feet wide and is one of three scenes I am working on. The next scene will be a farmer's market cat selling catnip, wine, and produce. The third scene will be cats dining at an outdoor bistro. My dream to create an art project bigger than life is coming true!

## Still Showing

Since my last edition, Brooklyn and I have been in four shows. We have yet to earn any points toward her championship but we are getting closer as we are starting to win over dogs who have previously won over us. We are winning more 1st and second place ribbons all the time. Our next two shows will be June 10 and 11th in Vallejo. Wish us luck!

## Gayle

Jan 18, 1953—May 10, 2017

A very favorite cousin of Robert's recently passed away. She left us much too soon. She was one of the most positive, strong, and beautiful souls ever. She will be greatly missed.
