

Pictured is a clip from a video of Brooklyn and I performing a tango freestyle dance routine, which we just finished. I will now be starting a new dance routine with Morgan

**A Touch of Pro!**

This year when agility equipment came out of the barn to live in our field for the season, brand new professional weave poles became part of the setup! YES I went all out and bought NICE poles! No more using stepdown stakes to teach the dogs how to weave, no more pulling out a tape measure to meticulously figure out the correct distance between each stake aka weave pole. And look how pretty they are!

**May Belongs to Brex**

As of May 14th, this teen is now 15 years old! This year, to celebrate her birthday, it was off to the slopes for a weekend in Bend, Oregon.

**Recognition for Morgan**

For me, being presented with a special plaque from Napa Valley Dog Training Club to celebrate Morgan becoming a Junior Hunter was the highlight of this year's annual dog club banquet.

**One More Salty Dog Cluster Win for Morgan**

After publishing my May newsletter, Morgan went on to win another point on the final day of the Salty Dog Cluster Show in Vallejo by taking Winners Bitch. She is now just 5 points away from her Championship!

**What are you having for lunch today?**

For the banquet, I had fun decorating Gabel boxes showing each attendee's entrée choice. Plus, I printed over 50 different dog sayings to pass to everyone to enjoy reading while having drinks before lunch was served.

**Dakota & Paris**

A very favorite image of these two taken in 2008 made into a drawing I recently completed for the Top 25 Art Auction in concert with the German Shorthaired Pointer Club of America's 2023 National Specialty.
