Hot Air Ballooning & Fireworks

— Kathy celebrating turning 40-years-old on her July 3rd birthday. Rylan celebrating turning 10-years-old on the Fourth of July. It's up in the air as to who had the most fun!

Here is picture of one of two of the covers for the pool cover in progress (see my June newsletter). We still need to trim down the tarp and add tie-down grommets. The fish shown are paper only to see where they will go and how they will look. Chris is making the fish out of colored stick-down vinyl for us.

Yes! Another beach outing for Sierra! This time she enjoyed her day at the ocean with her cousin, Briana. It was a great day for riding a sand lizard, jumping in the waves and burying each other in the sand. All the fun happened at Limantour Beach, the same great place we went on our last beach outing.

Now where did that lizard come from?

Napa Tree Moose Tree—June 30

Exactly six months after the Napa Tree Moose head was stolen from the trunk of the giant tree on Dry Creek Road, the famous eucalyptus tree was felled.

Developers are now working quickly building new homes in the spot where the Tree Moose stood for years delighting locals and visitors every time it was painted (see my March newsletter). The moose is still being painted though. He was recovered and is now on display in a restaurant in downtown Napa. On the Fourth of July, school children decked him out in red, white & blue.
