

## A Dog Dancing Championship on the Horizon

Morgan and I passed yet another Dogs Can Dance® routine, the Classical Freestyle Intermediate level performed in July. We just need to pass the Classical Freestyle Advanced level Brooklyn and I are currently working on—then one more level after that (the Feature Presentation Entertainment level) and we will receive a Dogs Can Dance® Championship!

We haven't received our certificate & ribbons for our July submission yet being Dogs Can Dance® challenges are worldwide thus it takes awhile before certificates and ribbons arrive. Those shown at right are from the two routines we passed in March.

## Merging Dogs & Cats

Little by little, Brooklyn, and Morgan are becoming more & more comfortable with Mollie & Murphy. And visa versa. Kennedy is in no hurry for introductions. The kittens will be three months old at the end of this month. Yes. Already!

## Robert MIA

At least here in Napa. He hopped on a plane last Wednesday to head to Lake Oswego to spend a few days helping Tim build a large shed under an upper deck.

This fall, not only is Brex a high school senior and Sierra a high school freshman, Rylan is now a junior at University of Oregon!
