

## The Grands!

Where they are at.

Photo AI Firefly/Photoshop edited from their family Bosnia trip in June.

**Rylan (21) is a senior this year at the University of Oregon. High school graduate Brex (18) is taking a gap year before heading to college. Sierra (16) is a high school junior.**

## Living Room Changes

Why build when you can buy (for less). After purchasing our BIG big screen TV, the plan was to build a new entertainment center to replace a substitute one (a big bulky coffee table we have used for years). We finally decided building one just wasn't going to happen. Instead we found one at Target (for \$120) that fit quite well. We just needed to add boards to the back to hide the wires. At least Robert was able to handle making custom size boards and I was able to handle painting them.

Next for the living room are seven brand new curtains to replace our 25-year-old ones.

## Concert Going

After AC/DC in August, Robert went to a "Led Zeppelin Tribute" concert then Kathy and her friend, Nicole, joined Robert and I to see Diana Ross. Both concerts were on stage at the Meritage Resort **right here in Napa!**

## Coming up: A 98th Birthday!

My Mom is turning 98 on September 30th. Turning **98** is huge and good reason to celebrate! If interested in attending, email me at [susieimages@gmail.com](mailto:susieimages@gmail.com) for location and time or to send her a card.
