

Stepping Up

Early in November, after a number of heat spells, the weather finally cooled off enough to get back to working on Chris' deck project.

Robert and Chris spent the better part of two weekends building the north set of steps. There is still a second set of steps off the south side of the deck to build. However the weather turned even cooler so those will wait until early 2023.

Showgirl

Day two at the November 11th-13th Wine Country Kennel Club Dog Show in Napa—a good day: Morgan took reserve over three bitches. Over all three days, she took home five ribbons: three first place ribbons and two reserve ribbons. We are now done showing until early 2023.

Just like that, Morgan is 3!

For Morgan's November 10th birthday photo, I had some Photoshop fun showcasing her full registered name: "NMK's Morgan Orion-Princess In The Skye"

Just like that, Chris is 52 and Miles is 4!

On November 1st, **both** Chris and Miles celebrated their birthdays. Traditionally we get pizza to celebrate Chris birthdays and give him clever tee shirts. This year we did do pizza but

instead of tee shirts, we gave him a container of lots of different colors of thread collected from my many years of sewing. He is now happy that when he goes to mend something he will have the right color of thread!

THANKSGIVING WEEK

Yesterday, Chris, Robert, and I drove up from California to Lake Oswego along with these three German Shorthaired Pointers to spend Thanksgiving Week with Tim, Kathy, Rylan, Aubrey, Sierra, and Kai. This photo was taken by Chris at the coolest rest stop on the Rogue River. Miles, Morgan, and Brooklyn are posing in a huge fenced off-leash area at the rest stop after running and running their hearts out. A great travel break for all of us!
